SOUTHERN
ADVENTIST UNIVERSITY

Power for Mind & Soul

You don't need to interrupt **YOUR LIFE** to advance your career.

Southern Adventist University offers area nurses like you the opportunity to continue your education through a program designed with you in mind.

By attending class one afternoon-evening a week throughout the year, you can complete your bachelor's degree in only 2½ years. You'll begin the program with a group of peers who will continue with you throughout your course of study. Classes are conveniently held close to work and home near the intersection of Highway 153 and Lee Highway.

Take advantage of a competitive, **reduced** tuition rate. Plus, many hospitals have an educational benefit that will reimburse you for the cost of the program so be sure to check with your employer. Obtain the quality education that can be expected from a university that's recognized for more than 50 years of nursing education here in the Chattanooga area.

To learn more or request an application for the Consortium B.S. completion program, call 236.2941. You can also visit our website nursing.southern.edu for more information.

Begin earning your B.S. in summer 2009.
